SSUED EVERY TUESDAY MORNING IN TIME FOR THE MAILS

A BEAR FONDLING A BABY.

Old Bruin Steals a Child and Makes a Pet of It

Henry Flynn, who resides up in the hills near Inskip, was in town the other day and had the following incident to relate, in which a bear of the cinnamon species abducted his three-year-old daughter, not with any desire to harm the child, but through a strange kind of affection. It appears that Mr. Flynn started one morning to take a horse to pasture, about two miles distant from the house, and as his little girl seemed anxious to go he put her upon the horse's back and let her ride a short distance, perhaps forty rods from the house, where he put her down and told her to run home. He noticed that she continued standing where he left her, and on looking back after going a little further, saw her playing in the sand. He soon passed out of sight and was gone about an hour, expecting, of course, that the child would return to the house after playing a few moments. On returning home he made inquiry about her of its mother, who said she had not seen her along with him. On going to the spot where he left her, he saw huge bear tracks in the sand, and at once came to the conclusion that the child had been carried off by the bear.

The family immediately made search through the forest, which was grown up to almost a jungle, rendering their search very slow. All day the anxious parents searched for trace of their child, nor did they stop when darkness came on, but remained in the woods, calling the lost one by name. Morning came, and their search was fruitless. A couple of gentlemen from below, travelling through the country came to the house, and being informed of the occurrence, immediately set out to find her. The gentlemen wandered about, and as they were passing a swamp spot where the underbrush was thick, called the child, when one of them heard her voice. He then called to her to come out of the bushes. She replied that the bear would not let her. The men then crept through the brush, and when near the spot where she and the bear were, they heard a splash in the water, which the child said was the bear. On going to her, they found her sitting upon a log extending about half way across a swamp. The bear had undertaken to cross the swamp on the log, and being pursued left the child and got away as rapidly as possible. She had received some scratches about her face, arms and legs, and her clothes were almost torn from her back, where, in taking hold of her clothes to carry her he had taken the flesh also.

The little one says the bear would put her down occasionally to rest, and put his nose up to her face, when she would slap him; and the bear would hang his head by her side, and purr and rub against her like a cat. The men asked her if she was cold in the night, and she told them the old bear lay down beside her, and put his "arms" around her and kept her warm, though she did not like his long hair. She was taken home to her parents.—*Chico Record.*

The Wasted Fortune of a Thief.—At Durham, yesterday, July 31st, information was received that John Walter Wood, committed for trial on Saturday last for stealing an overcoat from the Three Tons Hotel, Durham, had a legacy of £2,000 left him by a relative. Wood is stated to have been formerly an officer in one of the Durham military regiments, and is said to have run through a fortune of £20,000. Five months of the present year have been passed in jail for hotel thefts of a paltry description.—*Pall Mall Gazette.*

W. H. Crooker, Druggist, of Waterdown, under date of June 1st. writes that "Dr. Fowler's Extract of Wild Strawberry cannot be surpassed, when all other remedies fail then it comes to the rescue, and I find the sales large and increasing." Wild Strawberry positively cures all Bowel complaints. (18)

The Wild Strawberry plant possesses rare virtue as a cleansing, cooling, astringent, anteseptic, and healing medicine, and when combined with other valuable vegetable extracts, as in Dr. Fowler's Extract of Wild Strawberry, it is an unfailing remedy in all Bowel complaints. (14)

The brightest flowers must fade, but young lives endangered by severe coughs and colds may be preserved by Dr. Thomas' Eclectric Oil. Croup, whooping cough, bronchitis, in short all affections of the throat and lungs, are relieved by this sterling preparation, which also remedies rheumatic pains, sores, bruises, piles, kidney difficulty, and is also economical. 57

The Arab.

The Arab is a born gossip, rivalling in his ability to manufacture news at short notice a New England sewing circle. If you ask him what is happening, he looks at you with a scrutinizing glance, makes up his mind what kind of news you want, and then coolly starts to tell you a quantity of stuff which he makes up as he goes along. The Arab is a gifted man in many other respects. He can kiss your feet if you are able to do him a service, and after you have done it he will set fire to your house, or brain you with a piece of your own furniture, in sweet forgetfulness that you have been his friend in time of need.

He can cheat in trade almost as deftly as a Christian, and exhibit a great many vices which belong to a high state of civilization. Arabi has himself shown powers of deception of a high order, and if he would only resign and emigrate to America, he would become a first-class politician, or a splendid railroad president, or a defaulting cashier of a rich corporation, and it would not be necessary for him to change his moral nature in the least. He would here find himself among his equals, one of a class of men who can steal an office, and then use its influence for personal gain. Yes, he is a rare man in Egypt, but he would feel entirely at home in this country. *Am. Paper.*

THE GREAT NATURAL DEMAND.

In order to supply the great natural demand for a remedy of real merit, one capable of cleansing the system, purifying the blood, regulating the liver, and acting on the bowels, the California Fig Syrup Company has commenced the manufacture on a lage scale of a concentrated Syrup of Figs, and is sending out trial bottles to be given away, so that it costs nothing to try it and convince yourself of its efficacy. And as every family needs a bottle it is also for sale in 75 cent and $1.25 bottles at Langley & Co.'s Drug Store, Agents for B.C. 3

B. C. DIRECTORY.

UNTIL THE 1ST OF SEPTEMBER, ALL WHO MAY DESIRE TO MAKE ANY CHANGE IN THE ENTRY OF THEIR NAME OR OCCUPATION IN THE NEW DIRECTORY WILL CONFER A FAVOR BY CALLING AT THE PUBLICATION OFFICE, BROAD ST.—WM. WOLZ, GENERAL AGENT.
R. T. WILLIAMS, PUBLISHER.

Biliousness.

A furred tongue, bad taste in the mouth, nausea vomiting, variable appetite, alternate diarrhœa and costiveness, faintness, weariness, yellow cast of eyes and countenance, indicates serious biliary trouble. Jaundice is a dangerous disease, it is an overflow of bad bile in the circulation, any of these symptoms should be remedied without delay, and Burdock Blood Bitters is the remedy upon which you may surely rely. (13)

Blank Book Manufactory and Book Bindery.

Paper ruled to any pattern. Tickets Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed R. T. Williams, Government street, entrance through Messrs. Hibben & Co's store. *

Mr. R. W. Carmichael, Chemist and Druggist of Belleville, under date of May, 31st 1882, Writes as follows:—"Your Burdock Blood Bitters have a steady sale, are patronized by the best families here and surrounding country, and all attest to its virtues with unqualified satisfaction. (4)

Many Clergymen who were obliged to withdraw from the pulpit on account of "Blergyman's Sore Throat" have recovored by using Fellows' Compound Syrup of Hypophosphites and are preaching again. *

M. Sheehan, of Oscoda, Mich., writes: "I have used Dr. Thomas' Eclectric Oil on horses for different diseases and found it to be just as you recommended. It has done justice to me every time, and is the best oil for horses I ever used." 56

Diarrhœa and Dysentery are perhaps the most common of our every day ills, and every person nearly has some special cure of their own. Ours is Perry Davis' Pain Killer, and having used it for many years we can confidently recommend it. *

The firm of J. & S. McEachen, Douglas, writes us June 1st. saying "There is not another preparation we can recommend with so much confidence as Burdock Blood Bitters, as it invariably gives the best of satisfaction." Burdock Blood Bitters cures all diseases of Blood, Liver and Kidneys. (16)

Dr. Chan Tan Tong from Canton,—Skillfully and confidentially treats diseases of men, women and children. Office Government street, near Johnson street.

Dr. Chan Tan Tong practiced medicine at San Francisco for ten years and has had great experience. *

An infallible remedy for Fever and Ague is Ayer's Ague Cure. Wholly vegetable and containing no quinine, it is harmless and sure.

Davy & Clark, Druggists, Renfrow, writes us June 3rd. "We have sold Fowler's Extract of Wild Strawberry for a number of years, and find nothing equal to it, for the purpose for which it is designed." Dr. Fowler's Extract of Wild Strawberry cures all forms of Bowel complaints incident to Summer and Fall. (15)

A large assortment of A 1 Envelopes just received and for sale at *The Colonist* Stationery Store. *

MISCELLANEOUS.

NOTICE TO CONTRACTORS & BUILDERS.

TUESDAY MORNING, SEPT. 5TH, 1882.

L. P. FISHER, Advertising Agent, 21 Merchants Exchange, San Francisco, is authorised to receive advertisements for the columns of this paper.

DISSOLVING VIEWS OF THE DRYDOCK.

Matters in connection with the drydock have assumed many phases since the commencement of the work, and the series of dissolving views—financial, political and otherwise—are probably not yet exhausted. In all of them, however, there is the same central object of melancholy interest—the drydock itself in a remarkably unfinished state. Sometimes it is seen by day to be alive with workmen and surrounded with engineering paraphernalia; and then it appears in solitary grandeur by moonlight alone—with a defaulting contractor dropping briny tears into it for the losses which the province or private individuals will have to sustain. Then, again, there are views in bright daylight in which one can almost hear the whistle of the donkey-engine, and the exulting shouts of the twelve to forty laborers with which the government are bringing the work to a triumphant completion before the coffer-dam shall finally yield to the pressure of circumstances and some high tide suddenly becomes master of the situation. Now another view begins to gyrate on the political screen with cheerful distinctness. A gentleman from Canada stands beside the drydock and proposes to the government to finish the work and assume all the liabilities of the last defaulting contractors. But the government hesitate. They are thinking how popular and patriotic it would be to finish the dock by day's work, the more so as no man could ever predict when it would be finished, or what it would cost. "Men may come and men may go, but the dock goes on forever," has become the favorite poetical quotation of the members of the government. Under present circumstances the expenditure would be a most convenient source of patronage; the drydock and the government would then form a "mutual aid and benefit society" whose affairs could never be wound up in any reasonable time, and the opposition that wished to get into power would have to run an opposition dock. Notwithstanding, it is imperative the drydock should be finished. If the proposal alluded to has been made, if its conditions are free from objections, and if those making it are capable of assuming its responsibilities, why should it not be accepted? Almost anything in the shape of a solvent contractor is better than an increase of government patronage, and it will be a hopeful condition of the future if by some means or other all governments are cropped as closely as possible in this particular and made to stand on their own merits, if they have any. The last contractors forfeited $10,000, which it is presumed they paid, but probably no one ever heard to what useful purpose the money was devoted. There are many benevolent objects for which it could be used, without actual misappropriation, which would greatly promote the views of the government during the recent election, and we hope a wise discretion was exercised, and that a "due regard to economy in the government" election expenses made drafts on the $10,000 deposit unnecessary.

THE RESULT AT NEW WESTMINSTER.

"Sweet William" has been returned by a thumping majority. The people of the Royal City by their votes have indorsed the action of their representative in accepting office in a death-doomed government under circumstances in the highest sense discreditable to himself. Well knowing the omnipotence of "pap," the Opposition deemed the struggle hopeless from the first, but they nevertheless felt it their duty to meet the issue fairly. Headed by Mr. Orr and Mr. Robson, members elect for the district, they regarded an *exposé* of the treacherous conduct of Mr. Armstrong essential. That *exposé* could only be made through the medium of an election contest. That the developments have damaged the government irretrievably is recognized in the fact that the organ in this city was so overwhelmed with shame at the discovery of the treasonable correspondence of Mr. Armstrong that it pronounced the letters forgeries. Unfortunately they are but too genuine; and if the new provincial secretary should remain in public life for a quarter of a century he can never overcome the odium which attaches to his act. However, those laugh most who laugh last; and pending the change of government which is inevitable, the province can afford for a few weeks to have its official correspondence indited by a gentleman who spells the name of his Maker with a little "g" and the word "off" with one "f."

INTERESTING LETTER.

From a Canadian on British Columbia.

We have been permitted to cull the following extract from a private letter received in this city.

MONTREAL, Aug. 13th 1882.

DEAR ——— * * * So I see that De Cosmos and Bunster are beaten. The former's day of usefulness, if he ever had one, is gone and he should retire into the obscurity from which he never should have emerged. He and Bunster were a discredit to the province and the laughing stock of the House. I hope better men will replace them—worse cannot.

I have heard leading merchants here pay Mr. H. P. Dwight, the general manager of the Great Northwest Telegraph Company, the highest praise and most generous compliments for being the means of practically making British Columbia an integral part of Canada. Until he established telegraphic connection with it the province was as much a *terra incognita* to the inhabitants of the rest of the Dominion as Central Africa—if not more so, for explorers kept up the interest in the latter whilst the former was never mentioned unless in a speech or two during the session of Parliament. Everybody here now talks of the Pacific Province with as much interest and looks for its regular and admirably worded dispatches as keenly as they do for news from Ontario, New Brunswick, Manitoba, or the other parts of the Confederation. The people of British Columbia have had their province advertised through the aid of the great Northwest telegraph all over the world as the model dispatches, so brief and yet so comprehensive—from Victoria are not only published in all the leading papers of the Dominion but in all the principal cities of the United States, Great Britain and Ireland as well as upon the continent of Europe. These important advantages Mr. Dwight derives from the associated press which he represents in Canada. I feel confident the result of the publicity which is now given to your province will lead to a good deal of immigration thereto from all quarters of a more desirable character than you are receiving from the Eastern Hemisphere. Even in this city its effect is witnessed already as there is a spirit awakened among young men to try their fortunes in British Columbia. Amongst the number preparing for the voyage out is Mr. I. M. Glass, a young and rising barrister whose prospects here are really good. Our wholesale merchants and manufacturers also speak of extending their relations with British Columbia as well as with Manitoba being of opinion that the time is fast approaching when they will find the Pacific province as good an outlet for their productions as any of the other provinces of the Dominion. From the wonderful vigor exhibited by the Canada Pacific directors in pushing forward the railway there is a sanguine feeling existing that three years hence, in place of five, the iron horse will be crossing the Rocky Mountains. In a conversation I had a few days since with a prominent director of the company he said between five and six hundred miles west from Winnipeg would be completed this fall and he has no doubt within three years a connection would be made with Onderdonk's contract on the Thompson. There are nearly 8,000 men to be exact 7,600—not Chinamen, but a very large proportion English navvies—besides 4000 teams at work on this side of the Rocky Mountains. Surely such enterprises as this warrants the belief that the competition of the line is not so far in the future as Grit optimists predicted. An admirable feature also is the fact testified to by even opponents that the company is making a permanent job of the work. There is no laying down of rails on the open prairies as was done by the government, but all are placed on raised embankments so as to prevent washouts. The report propagated by Grit organs that the directors had resolved to abandon the Lake Superior route is destitute of any foundation whatever. The vice-president assured me that such an idea had never crossed their thoughts. His words were that if it took their last dollar the through line on Canadian soil would be built in honor and good faith. I believe the statement, for the directors have a pride as Canadians in the great work they have undertaken. It should not be forgotten that the Canadian gentlemen at the head of the syndicate did not need the Pacific railway contract to make them millionaires, for they were in that happy condition before they got it. They are, therefore, not adventurers but men who have their own substance as well as honor and credit at stake. The prospects on this side of the Rockies were never better—if they were ever so good than at present. Crop reports from all sections of the Dominion are all that could be desired. Business generally is on a sound and stable basis with absolutely no failures. Bankers say payments were never so prompt and satisfactory as, during the present summer and some speak from experience of a quarter of a century. Capitalists from all quarters will now come in and will invest their money with confidence that there is a settled policy in existence with a government desirous of fostering in an enlightened spirit all the industrial resources of the country. I feel that Canada offers advantages now unequalled by any other land and with the Irish immigration aided by the Imperial government added to the English and Scotch which will come voluntarily; there is no part of the Dominion that will not have its share of settlers ere long. W.

THE PHŒNIX PARK MURDER.

Why Westgate's Story is Believed.

Additional particulars telegraphed from Swansea concerning the man O'Brien, alias Westgate, confirm the statement of his having shipped on the barque Gladstone at that port. It appears that about the date named he accosted a ship runner close to the canal at Swansea, and asked for a boarding house, explaining that he had a little money. The runner asked him if he was a fireman, and he answered that he was both a fireman and a sailor. He was lodged for a few days at an hotel in the Strand, Swansea, the landlady of which describes him as being very dirty, poor and much mentally depressed, and that he avoided speaking to any one. He was shipped on the Gladstone as a pier jumper. When leaving he gave the address of his wife in Dublin, arranging that part of his salary should be sent to her, and this has been done. He admitted to the landlady of the Museum Hotel that he was a native of Dublin.

A singular complication has arisen in connection with Westgate's visit to Swansea. Mr. Williams' an officer of the Board of Trade, shortly after the Phœnix Park assassinations, saw a suspicious looking man loitering about the doors of the Mercantile Marine offices, Swansea. He entered into conversation with him and found that he not only answered the newspaper description of one of the men wanted in Dublin, but that he was a native of Dublin and had just arrived from that city. He appeared to have shipped on the Neva for Leghorn, in the name of Evans, but on a hint he was arrested by Detective Jones of the Swansea police, and then gave his real name as Harwin, stating that his mother resided at Warren point, county Dublin. The Swansea police described him by telegraph to the Dublin police, who replied that the man named Harwin, giving the very address quoted, had been arrested in Dublin on suspicion, but had been discharged, as there was no evidence against him. Harwin then admitted to the Swansea police that he had been arrested in Dublin on suspicion as stated. He was eventually discharged from the custody of the Swansea police and proceeded to Leghorn. It now appears that he and Westgate were seen together in Swansea, and Harwin who is supposed to have deserted from the "Gladstone" in the name of Evans, had his place filled at the last moment by Westgate. The latter's confession is in keeping with the statement made some time ago by O'Donovan Rossa to a newspaper correspondent, to the effect that the perpetrators of the Phœnix Park crime would be found in South Wales, whence they would endeavor to ship across to South America. The barquentine Gladstone, Captain John Roads, and bound from Swansea to Caracas, was leaving dock when it was found that one of the crew was missing. A man who gave the name of Westgate, and represented himself as a sailor, was taken on board. It was soon discovered he was no sailor, and instructions were sent to the owners, "Stop half pay of Westgate, Dublin. Have reduced his wages to £1 15s." A letter was received from the man's wife, signed "Mary Jane Westgate, 30 Townshend street, Dublin." The man, when shipping, gave his address as Meath Row, Dublin.

Our Special Correspondent Interviews Queen Victoria on the Egyptian Question.

[San Francisco News Letter.]

Determined not to be outdone by the New York *Herald* correspondent's recent inteviews with the Sultan and Khedive, the proprietors of the NEWS LETTER cabled on Wednesday last to their special correspondent in London to immediately interview Queen Victoria, and to model the style of his report upon that of the *Herald* man. We take pleasure in publishing the result:

LONDON, August 18, 1882.—Your correspondent, according to your instructions, this morning interviewed Her Majesty Queen Victoria at her residence, the Tower of London. There was some little difficulty at first in obtaining the audience, owing to the Queen having been given to understand by her Lord Chamberlain that it was only some Ambassador or Cabinet Minister who requested to see her; but upon this error being corrected Her Majesty at once sent her own buggy-and-four, with gold-laced postillions and a troop of Horse Guards for escort, to Your Correspondent's lodgings in the Whitechapel Road, in order that Your Correspondent might be conveyed with due state and ceremony into the Royal presence. Upon approaching the Tower of London Your Correspondent noticed with pride and satisfaction that the American Flag was hoisted on the battlements, with the Royal standard immediately beneath it. The draw-bridge was lowered at our approach, amid a flourish of trumpets, and as we clattered over the raging moat Your Correspondent was much gratified to notice that the arms of Great Britain had been removed from the transom of the front door, and replaced by the motto of the NEWS LETTER: "Fear God, tell the Truth, and make money." A very graceful compliment, as you will allow. Upon alighting in the court-yard, Your Correspondent was received by the Lord Chamberlain and escorted to the best parlor. Her Majesty was still at breakfast; so, seating himself on the sofa, he hung up his hat on his knee-cap, and had been some time wrapped in contemplation of a beautiful chromo bearing the advertisement of a loyal "starch-maker by special appointment to Her Majesty the Queen," which hung over the mantelpiece, when suddenly the door was thrown wide open by muscular attendants, and Victoria herself walked majestically into the room.

"Pray be seated, sir," said the Queen, as Your Correspondent rose to greet her, "I have heard so much of the San Francisco NEWS LETTER that I am most proud and delighted to meet its representative in my realm. John (turning to Mr. Brown, who stood respectfully at her elbow), just run down to the corner store and get some prime hale for the gentleman. And now, sir, I am ready to answer whatever questions you may think fit to ask, only be sure that my answers are sent exclusively to the NEWS LETTER." John having returned with the can, and the glasses having been filled, the following conversation then ensued between sips:

Your Correspondent: "What is your Majesty's opinion about this Arabi Pasha row?"

Her Majesty: "O, Gladstone says he knows all about it. Ask him."

Y. C.: "H'm: Mr. Gladstone isn't very communicative. If your Most Gracious Majesty, *Dei Gratia, e pluribus unum, et cetera*, would condescend to give your humble petitioner your own royal views on the subject ———"

H. M. (evidently mollified, and picking her royal teeth pensively): "Well, I suppose when you American correspondents ask about Egypt you really want to know my opinion of the Irish vote in the United States. You played that game on the Sultan, but you can't play it on me, young man. To tell you the truth (and here her Majesty cocked her crowm on one side and flourished her sceptre threateningly), I don't know nothing about your affairs on the other side, and I don't care."

Y. C. (suiting the action to the word): "Take another glass, your Majesty, and I'll stand the next pitcher. May it please you to remember that it is the NEWS LETTER that desires an expression of opinion from your royal lips."

H. M.: "That's so. I'd nearly forgotten it. So you want to know about Egypt. Well, my opinion is that Ireland is grossly wronged and oppressed, and I am seriously thinking of going to New York myself to get advice as to remedying the evil."

Here the entrance of the Princess Beatrice, who was introduced to me by her mother as "my dear Trixy," put an end to the conversation, and after declining a polite invitation to stop and take tea, I took my departure between a double row of beef-eaters.

The importance of this interview in throwing light upon the Egyptian question will be duly appreciated by your readers, and will make the *Herald* man turn green with envy.

Eastern Canada Mail

(Per steamship G. W. Elder.)

HALIFAX, Aug. 20.—A verdict of not guilty has been returned against McLellan, Johnson and Gordon, indicted for forgery in the celebrated Gammell will case.

ST. JOHN, N. B., Aug. 19.—The recount of ballots cast at the Scott Act election was finished this morning by Judge Watters; it resulted in another tie, 1,074 for and 1,074 against. The Act is therefore defeated.

ST. JOHN, N. B., Aug. 20.—It appears that after the announcement of the votes at the Scott Act scrutiny, by Judge Watters, on Saturday morning, it was discovered that a clerical error had occurred, which when corrected gives two votes against the Act, the vote as corrected standing 1,074 for, and 1,076 against, a majority of two against the Act. An appeal to the Governor-in Council to set aside the result because of the refusal of the judge to go into the matter of corrupt practices is talked about.

Captain Far, who purchased the *Conquest*, whose mysterious departure from Halifax caused some excitement recently, states that she has gone on a sealing expedition.

Mr. John Hatchett, a wholesale grocer of many years standing in the trade, has been appointed appraiser in that department of the Montreal Customs.

WINNIPEG, Aug. 21.— Rev. D. M. Gordon, late of Ottawa, was inducted pastor of Knox Church last night. There was a large attendance. The welcome reception to-night was a grand success.

Eleven school boys in Genesee walked to Niagara Falls, August 4th, 1832, and agreed to meet there again, if living, in fifty years. Last Friday seven of them kept their promise, coming with their wives and children.

J. H. Porter, a leading minister, was struck dumb in his pulpit at Jonesboro, Ark., on Friday night.

EVERYTHING New and Novel in Mantles, Circulars, Jackets, Ulsters and Newmarket Walking Coats to be had at the White House. *

TO-MORROW (WEDNESDAY) EVE., SEPT. 6TH.

SPIRITUALISM!

THE MILLER BROTHERS

WILL HOLD A GRAND SPIRITUAL REVIVal, assisted by EUGENE FRENCH and other wonderful and newly developed Medium,s who invite the closest investigation, performing all the tests on the lighted stage.

WITHOUT THE USE OF ANY CABINET.

No Rope tying, no Handcuffing, everything on the Open Stage. The following are some of the marvelous manifestations which usually take place in the presence of those mediums:—

A TABLE RISES AND FLOATS IN THE AIR, A PIANO RISES CLEAR FROM THE FLOOR AND IS PLAYED BY INVISIBLE HANDS.

LEVITATION—The medium is raised from his chair and floats over the heads of the audience, while spirit forms are seen hovering around him. Spirit hands and forms are plainly seen and recognized by their friends.

Flowers are brought and passed to the audience by hands plainly seen.

MATERIALIZATION.—Forms from the Spirit Land appear, while the mediums are held hand and foot. A committee is chosen from the audience to secure the medium, and while in this condition spirits will materialize and dematerialize in view of all present, and those who wish can shake hands as they are about the hall. Spirit forms walk about in full view of the audience.

THE WONDERFUL SLATE TEST—Messages written by an invisible hand before the eyes of the audience.

CLAIRVOYANCE OR SUPERNATURAL VISION —A book is opened by a person chosen by the audience at whatever page he may see fit, and is read by the medium while on the stage without seeing the book. Sealed messages read and answered by the medium. Musical instruments will float in a wonderfully strange manner, playing as they go.

Scores of other tests equally marvellous. Come and see for yourself. Take no one's word. Believe your own eyes. Be guided by your own reason.

As there are no reserved seats it will be well to come early to avoid confusion, annoyance and possible disappointment.

Doors open at 7; commence at 8 o'clock.

ALL ARE INVITED. au5 24

DEATH.

In this city, on the 4th inst., Capt. Wm. Lambie, of the barque Albany, a native of Leith, Scotland, aged 36 years.

The funeral will take place TO-MORROW from the St. Andrew's and Caledonian Hall, Langley street, at 2 p.m., and from St. Andrew's Presbyterian Church at 2:15. Friends are invited to attend.

BIRTHS.

At South Wellington, August 29th, the wife of Mr. John McKinlay, of a daughter.

Okanagan Mission	2	1	11
Keremeos	6	0	0
Rock Creek	3	0	0
	278	111	78

What Some People Say.

That Mr. James Robinson has had four crushing political defeats in succession.

That Spiritualism will be put to a severe test at Theatre Royal to-morrow evening. The Miller Brothers invite criticism and examination.

That Mr. Thistleton "takes the cake" for large cauliflowers, having raised many that weigh twelve pounds. He calls them the family cauliflower, since a whole family might dine on one.

That Mr. W. K. Bull has been appointed to collect subscriptions for the B. C. Agricultural Show.

That Capt. Pritchard continues very ill.

That Mr. Wise has accepted an editorial position on the *Evening Post*.

That fashions change. Call and see the new styles of STOVES received ex North Pacific by H. C. WILSON, Government street, next to J. Parter's. *

That BORDE & MORLEY are the "boss" horseshoers. They have taken first premiums at all the agricultural shows, and are prepared to accept a challenge from "boys" or men for a comparison of work. The public are asked not to forget these facts. *

Spiritualism.

The wonderful spiritual mediums, the Miller Brothers, will hold their seance at the Theatre Royal to-morrow (Wednesday) evening. They are highly recommended by the the press throughout the country. The Greenville (S. C.) *Daily News* says: "Although a soaking rain was falling last night, and the streets were deep in mud, the opera house was well filled with an intelligent audience, who gathered to witness the remarkable spiritual manifestations which were advertised to be given, and no one who was present came away disappointed, for some of the most amazing feats were performed by unseen agencies which have ever surprised the people of Greenville. Names were written on cards by well-known residents of our city, and the cards were retained by the writers, who did not disclose the writing, yet the cognomen suddenly appeared on a slate which was placed by one of the spitualists on a chair, being suddenly inscribed by an unseen hand. Communication was had with deceased friends of parties in the audience, and messages from the spirit land were plainly transmitted to the slate by unseen means. At one time the house was darkened and blood-curdling spectres appeared on the stage. Altogether, it was certainly a most remarkable entertainment, and every one was thoroughly amazed and confused by its extraordinary character."

THE 'QUEEN OF THE PACIFIC' AND THE QUEEN OF ENGLAND'S DAUGHTER.

A Munificent Proposition.

Senator Macdonald, in conversation with some gentlemen at San Francisco interested in the Pacific Coast Steamship Company, suggested that it would be a grand and liberal thing to offer the new steamer Queen of the Pacific to the Governor-General and the Princess Louise to convey them to British Columbia. They immediately approved of the idea, communicated with Messrs. Goodall & Perkins, who took the subject up warmly and telegraphed their ideas to Mr. Villard at New York, who is the controlling director. He at once agreed to the proposal, and communicated the handsome offer to the Governor-General. Whether it will be accepted is not yet known. The agents at San Francisco expressed themselves ready, if necessary, to expend $20,000 on upholstery. This is the way in which some of our wealthy American cousins propose to honor the Queen's daughter and her son-in-law.

BRITISH COLUMBIA.

The Approaching Vice-Regal Visit.

(London Globe.)

LONDON, Aug. 19.—The *Standard* to-day publishes an editorial on the contemplated visit of His Excellency the Marquis of Lorne and H. R. H. the Princess Louise to the Province of British Columbia in September next. The *Standard* predicts a loyal welcome to the visitors, who could not desire to see a country or land wilder or more picturesque than the far west of the Dominion. After describing the features of the province the *Standard* points out that in spite of its many and varied resources it has not prospered. For many years it suffered by political experiments in governing the Island and Mainland, which being separated from each other were like two rival colonies, not actuated by the kindliest feelings towards each other. As a province of Canada it has not proved a much greater success; but with its great mineral wealth, its timber, fish, land fit for the cultivation of wheat, cattle, hops, its good climate, abundant harbors and peaceful Indian population, its proximity to the United States, it will go hard with the province if before long a new and better era in its history is not begun.

The Reception.

A meeting of the general committee was held last evening, the Mayor in the the chair. The secretary read replies from the different societies which had been invited to participate in the celebration. The replies, which were mostly favorable, were referred to the executive committee.

A motion by Mr. Rithet, seconded by Mr. Higgins, to add "and clergy" after the word "bishop" in the programme of procession, was lost.

Mr. B. W. Pearse was added to the music committee after a report from Mr. Beeton.

It was stated that a decision had not been arrived at as to the landing place of the distinguished pair at Esquimalt—the senior officer favoring the dockyard wharf, and the people the city landing.

The secretary said the committee had agreed to advertise for tenders for an arch at Government House and for the decoration of Fort street with garlands strung from the telephone poles. Several mottoes were suggested for the arches.

Mr. Fell moved that if there was a surplus a grand gala be appointed on which there should be an open air picnic, with rounds of beef, hams, barrels of beer, soda crackers, ship biscuit, soft bread, races, sports, songs and dancing, etc., etc., free to all. The motion was lost.

Mr. Redfern, seconded by Councillor Wilson, moved that the managers of the three principal Chinese firms be placed on the committee. It transpired that the Chinese intended to raise their own arches on Store street. The motion was negatived and the committee adjourned.

Municipal Police Court.

(Before Hon. A. F. Pemberton.)

MONDAY, September 4th.

A man charged with drunk and disorderly was fined 5s.

An assault case was dismissed as the complainant did not appear.

FAREWELL ROCKETS.—H. M. gunvessel Rocket left Esquimalt yesterday afternoon for "England, home and beauty" after a seven years' cruise in these waters. The genial officers and well-behaved men of this vessel had become so much at home in Victoria that they were almost looked upon as British Columbians, and it will be hard to realize that they are gone, many of them never to return to this coast. They have the heartiest good wishes from all classes in this community, and news of their future movements will be received with much gratification.

BLANKETS, Flannels, Sheetings, white and grey Cottons, Comforters, Marseilla and Honeycomb Quilts and House Furnishing Goods—an Immense Assortment—to hand and for sale at less than wholesale prices at the White House. *

DR. SCOTT and daughter, of San Francisco, who arrived by the G. W. Elder, will go to Yale on Saturday.

DUST TO DUST.

Funeral of the Late Hon. John Tod.

The funeral of the late Hon. John Tod, who died on Thursday last, took place on Sunday afternoon from the residence of Mr. Drummond, Rae street, the body having been brought there from St. Joseph's Hospital. At 2 o'clock the funeral procession left the house, many leading citizens and pioneers of the province accompanying the body to its final resting place, some 28 vehicles following the hearse. An impressive funeral service was held by the Rev. R. H. Smith at Mr. Drummond's house previous to the removal of the body. The reverend gentleman, in his address, said the occasion was one of deep interest, as the deceased was not only the oldest resident of the country, but the oldest inhabitant. He left his native land when only 16, and in the employ of the Hudson Bay Company spent many years in the wilderness. In his religious views he exhibited great independence of mind, and in this respect his conceptions were of the noblest kind, though he refused to be bound by the opinions of others. Strict integrity formed the leading principle of his character through life, and was no doubt fortified by his strong belief in a future state, which he merely regarded as a natural change; and he also believed the possibility of intercouse with departed spirits was a scriptural idea. After the address a prayer was offered. The following gentlemen were pall-bearers: Chief Justice Sir Matthew Baillie Begbie, ex-Mayor Finlayson, Wm. Charles Esq. (H. B. Co.), Captain Walker, Councillor Boyd and James Fell. The executors of the estate are Messrs. Charles, Finlayson and Walker. The will of the hon. gentleman was read by Mr. Thornton Fell. The real estate is evenly divided among the family. The amount of the personal property, $35,000, is divided as follows: One thousand dollars to Simeon, youngest son of deceased; $500 to each of his sons John, Aleck and Isaac. Legacies are settled upon members of the family, and each of the five children of Mrs. Mohun is bequeathed $500. The residue is divided between Mrs. Bowker (unconditionally) and Mrs. J. S. Drummond (with conditions.) The real estate at Oak Bay has been apportioned. Legacies of $150 each were left to the B. C. Benevolent Society and St. Joseph's Hospital.

CAUTION.

We beg to call the attention of the trade and the public to the well known quality and elegance of finish of our Gold Cases, guaranteed by us to be of eighteen karat Gold, U. S. Mint assay or of fourteen karat Gold, as may be stamped, and also to our mode of selling the same, charging only for the ACTUAL WEIGHT of the gold used, and not for the base metal comprised in springs, key pipes, filling of crown, etc. To illustrate which a tag accompanies each one of our Gold Cases, which plainly indicates not only the gross weight of the case, but also the NET weight of the gold.

In explanation of the above we desire to say that the old plan of charging for the gross weight of the case, as if it were all gold, worked well enough as long as the manufacturers were content with the amount of brass and steel actually required in its construction; but when the business was degraded into a contest as to who should get the most base metal into the least quantity of gold and call it a GOLD case, then the time came when, in the interest of dealers in American Watches, it became necessary to adopt a plan of selling, showing the buyer exactly how much GOLD each case contained.

To avoid imposition, purchasers of Waltham Watches will observe that every genuine watch, whether gold or silver, bears our trade mark on both case and movement. Gold cases are stamped "A. W. Co.," and guarantee certificates accompany them. Silver cases are stamped "A. M. Watch Co., Waltham, Mass., sterling silver," and are accompanied by guarantee certificates, signed R. E. Robbins, treasurer. The name "Waltham" is plainly engraved upon all movements, irrespective of either distinguishing marks. This caution is rendered necessary by reason of the fact that our cases are frequently separated from our movements, and put upon worthless movements of other makers and vice versa, thus affecting injuriously the performance of the watches, and vitiating our guarantee, which is intended to cover only our complete watches wholly made by us. It is necessary also, because it is so notorious as to be a public scandal that there is great fraud in the metal quality of both gold and silver cases as now generally sold. We have demonstrated by frequent assays that many gold and silver cases offered in the market are debased from 10 to 20 per cent. from the quality they assume to be. This is a fraud upon the purchaser, and accounts for the low price at which such cased watches have been sold.—AMERICAN WATCH COMPANY, Waltham, Mass. dw

DEATH OF CAPT. LAMBIE.—Capt. Lambie, of the barque Albany, died at the Royal Hospital yesterday morning. The unfortunate gentleman had been master of vessels for about twelve years, but had only made two or three trips on the barque now in port. He was born in the City of Leith, Scotland, and leaves a young wife and three children there. The funeral will take place to-morrow from the Royal Hospital. A number of flags were at half-mast yesterday on the vessels in port as a token of respect for deceased.

POLICE REVIEW.—On Saturday afternoon the police were reviewed in their new uniforms by his worship the mayor and some of the councillors. The men presented a fine appearance and were highly complimented by the mayor and Supt. O'Connor on their good conduct, the efficient manner in which their duty was performed and the consequent order and immunity from crime that existed in the city.

BICYCLING.—With the level roads surrounding Victoria and the fine drives round Beacon Hill Park it is a wonder that bicycling is not a more favorite amusement in our midst, even admitting the high price at which decent instruments are sold. The other day a fine-looking bicycle, "Hancock's patent," was to be seen in the Hudson Bay Company's warehouse, apparently imported for some person in Victoria.

WHITEWASHING.—The Hudson Bay Co. are whitewashing the fence enclosing their property along Wharf street. This fence, we believe, has never been touched with a brush before, and henceforth it will now constitute a conspicuous object on dark nights to travellors benighted, from whatever cause.

BEST Quality Black Spanish Lace, from 2 to 14 inches wide, also Silk Spanish Lace in Cardinal, Myrtle, Prune, Brown, Grenat, Sky and Cream just to hand at the White House. *

"THE OCEAN PLOUGH."

Launch of the Barque Nanaimo.

The *Free Press* has further particulars of the launch of Mr. Carpenter's new barque. As the vessel left the ways Mrs. Alice Parker, the eldest daughter of the enterprising owner, broke a bottle of foaming Cliquot across the bows, and christened the noble vessel "The Nanaimo." Instantly the name was taken up by the immense assemblage, and three rousing and enthusiastic cheers were given for the Nanaimo. As the stern struck the water there was a slight splash, but the vessel rose at once and before the bow was in the water she was on an even keel and gliding rapidly towards Newcastle Island.

Her clean-cut lines and beautiful appearance were the general theme of conversation, and many were the hearty congratulations extended to Mr. C. Carpenter and also to Mr. Alex. Allen, the well-known shipbuilder, who made the model and under whose immediate guidance and skill the vessel was constructed. The launch was in every way a complete success, and passed off without the slightest jar or hitch, and demonstrated in a most practical manner that Mr. Allen is a thorough master of his useful calling, understanding the work in all its branches. Those on board at the time of the launch say they felt no jar, and would not have known they were moving unless they had been looking at some stationary object. They did not feel her striking the water, and only knew she was in the water when she changed from an incline to a level plane. The arrangements on board were in charge of Capt. J. Dodd, formerly of Sydney, Cape Breton, Canada, and who will assume command as soon as she is completed. To his able hands has also been intrusted the work of rigging the Nanaimo. When getting close to Newcastle the anchor was let go, and on the vessel being brought to, the steamer Cariboo-Fly made fast alongside and towed the newly launched vessel alongside of Carpenter's wharf, the Nanaimo brass band, on the new ship, playing several choice selections of music. While mooring three rousing cheers were given for Mr. Carpenter, Mr. Allen and Capt. Dodd.

Following are the dimensions of the Nanaimo: 153 feet over all, 136 feet keel, 34 feet beam, with 13 feet depth of hold. She is built of Douglas fir, nearly every plank in her being procured in this district. The inside planking is 8 inches; outside 4 inches; frame 13 inches: making a total of 25 inches in thickness, and she is built very strong and substantial, being square fastened with trenails driven through and wedged at both ends. There are no between decks, and the three hatches will afford excellent facilities for loading and discharging coal or other freight. Her register tonnage will be about 450 tons, and she will carry with ease 800 tons of coal. It is not proposed to copper her at once, but two coats of copper paint will prevent any damage for a year or so. The iron work required in the construction was done by Messrs. Renwick & Horne, of Bastion street. The Nanaimo has a fine, clearly-cut bow, with a full eliptic stern, and sits on the water like a duck. Mr. Allen, her builder, is confident that she will develop considerable speed, and as he has superintended the building of between forty and fifty large vessels, his judgment is not likely to be at fault. She draws 9 feet light, and about 15 feet when fully loaded. Three masts will be stepped and she will be barque-rigged. Capt. Thayer, of San Francisco, Lloyd's surveyor on this coast, inspected the hull a few days ago, and expressed himself highly pleased with the materials and workmanship, and stated that she would rank far above the average of vessels.

The shipcarpenters employed speak in the highest terms of the suitability of the Douglas fir found in this district for shipbuilding purposes, and say it far excels the lumber obtained on Puget Sound, being stronger and harder and containing more pitch, making it far more durable than any other lumber obtained on this coast. To Mr. Chauncey Carpenter, proprietor of the Nanaimo and Wellington saw mills, belongs the honor and credit of building and owning the first sea-going vessel constructed in British Columbia, and the people of Nanaimo may well feel proud of her enterprising citizen, who in turn shows his friendly feelings towards the home of his adoption by christening the first-born the Nanaimo. As soon as the barque is completed Mr. Carpenter will commence the construction of a much larger vessel, and if the venture should prove successful, will turn out at least a vessel a year. The ice is now broken, and it may not be many years before all the coal-carrying trade of Nanaimo district will be done by vessels built within the district, and constructed with lumber grown within these limits.

LAYING CORNER-STONE.—On Thursday last the corner-stone of the new Methodist Church in Chilliwhack was laid with appropriate ceremonies. Rev. Mr. Hall officiated, and Mrs. Ashwell deposited the usual documents and laid the stone. There was a good attendance of the settlers; and the work will be pushed on to completion as rapidly as possible.

FOR THE NORTH.—Steam schooner Dolphin left last night for Naas river with some live stock and other freight. She will load salmon at the Naas canneries. Six men will be landed at the sandstone quarry on Salt Spring Island, where they will commence getting out stone for the drydock.

STEAM LAUNCH.—Yesterday an officer and a number of men from H. M. S. Comus came to the city with a steam launch and jolly boat, the former of which was an object of interest as she lay at the Hudson Bay Company's wharf yesterday afternoon.

FROM YALE.—Steamer Western Slope arrived yesterday morning from the head of navigation on the river with several passengers, 280 sheep, 1000 cases salmon, a number of hides and other freight.

CLEARING AWAY.—The contractor for constructing the new city landing at the foot of Yates street is removing the old buildings preparatory to commencing work.

HEAVY Black Dress Satin, Lyons Dress Silks of the manufacture of Jaubert Andreas & Co., and New and Elegant Designs in Brocaded Satins just received at the White House. *

ONE Hundred and Twenty-five dozen Assorted Kid Gloves, specially manufactured for and now on sale at the White House. *

THE new Moire Ribbons with Lace Insertings received and on view at the White House. *

SILK and Brocaded Satin, Fur Lined Circulars, rich and rare goods, for sale at the White House. *

RIFLE AND TARGET.

ANNUAL RIFLE ASSOCIATION MEETING.

Nothing could exceed the enjoyableness of the weather or the beauty of the surroundings at the opening of the ninth annual Rifle Association match yesterday at the Clover Point Range. The heat of the sun was very agreeably tempered by a gentle breeze from the southwest, scarcely sufficient, however, to produce a ripple on the charming expanse of water stretching away west and southeast. A slight mist hung over the Olympian Mountains which partially obscured their snow-capped peaks. Occasionally, however, a glittering summit would peer out above the fog bank and wonderfully enhance the picturesqueness of the scenery. A large gathering of competitors, some in undress uniform and others in civilian's dress, together with several blue jackets from H. M. S. Comus and Kingfisher, were in attendance at 12 o'clock. The muster of officers belonging to the different corps was good. There were also present his honor the lieut.-governor and Mrs. Cornwall, Mrs. Henry Cornwall, Mrs. Dupont, and Mrs. Sheriff Harris, his worship the mayor, E. C. Baker Esq., M. P., Hon. Justice Gray, Councillor Shears, Sheriff Harris, Provincial Superintendent of Police Todd and others. As previously announced, a few minutes after 12 Mrs. Cornwall stepped forward with the greatest possible steadiness, sighted the rifle and pulled the trigger. Almost simultaneously with the report of the piece the ball struck the target and up went the signal that the shot was a bullseye amid the cheers of the spectators. Capt. Dupont, acting D. A. G., thanked Mrs. Cornwall for the interest she had manifested in the association's meeting and complimented her on making the highest possible score with one shot. Shooting then commenced for the opening money prizes at the 200-yard range. There were 42 competitors, firing seven rounds each. The scores were hardly above the average at the short range. The following are the scores of the prize winners in the two matches that were completed:

No. 1. OPENING MATCH.

Open to members of the Association. Range 200 yards. Seven rounds. Highest possible score 35. Eight prizes:

1. J. Crismas, H.M.S. "Comus"	27
2. W. Claudio, " "	26
3. Gunner Jackson, S. A	25
4. Capt. Peele, N. W. R	24
5. Lieut. Wilson. "	24
6. Pte. Hill, Nanaimo Rifles	24
7. Sgt. Kennedy, V. R	24
8. Pte. Scoullar, N. W. R	24
Tie counted out.	
Corp. Cox, V. R	24

No. 2. LIEUT.-GOVERNOR'S CHALLENGE CUP.

Open to members of the Militia. Ranges 200, 500 and 600 yards. Seven rounds at each range. Highest possible score 105 points. Nine prizes:

1. Pte. Hill, Nanaimo Rifles	73
2. Asst. Surgeon Trew, N. W. R	69
3. Gunner Jackson, S. A	69
4. Sgt. Kennedy, V. R	65
5. Pte. Keary, N. W. R	63
6. Sgt. Sargison, V. R	62
7. Sgt. McColl, N. W. R	62
8. Pte. Scoullar, "	62
9. Gunner Leslie Jones, V. G. A	58

The first range of No. 3, New Westminster corporation prize, not completed at 6 o'clock to be continued at 9 a. m. today.

Tax on Foreigners.

An Act of the U. S. congress, approved August 3, 1882, enacts that there shall be levied, collected and paid a duty of fifty cents for each and every passenger not a citizen of the United States who shall come by steam or sail vessel from a foreign port to any port in the United States. The said duty shall be paid to the collector of customs nearest thereto, by the master, owner, agent or consignee of every such vessel within twenty-four hours after the entry thereof into such port. The money thus collected shall be paid into the United States treasury and shall constitute a fund to be called the immigrant fund, and shall be used to defray the expense of regulating immigration and for the care of immigrants arriving in the United States, for the relief of such as are in distress and for the general purposes and expenses of carrying this Act into effect. The duty imposed by this section will be a lien upon the vessel which shall bring such passengers into the United States, and shall be a debt in favor of the United States against the owner or owners of such vessels. In a circular to collectors Secretary Folger alludes to this Act as referring to "immigrant alien passengers," and not excursionists or casual visitors entering the United States.

PATRIOTIC ADVICE TO THE UNPATRIOTIC PREMIER.—The *Standard* protests that as premier Beaven himself was elected there is evidence that he still retains the public confidence! In that case Mr. Mackenzie need not have resigned in 1878. The *Standard* further declares that when the house meets it will be found that Mr. Beaven has the support of a majority of the members. Of course that may turn out to be the case, but if it does it will involve heroic self-sacrifices on the part of the Opposition, who outnumbered the conservatives by more than two to one. Mr. Beaven had better follow the example set him in Nova Scotia and go out without waiting to be voted out.—*Toronto Globe.*

THE WESTWOOD MINE.—A location survey is now being made for a line of railway from opposite the Newcastle Quarry and close to the site of the building that used to be irreverently called "Peck's Synagogue" to the proposed mine. There is sufficient room and plenty of water for loading vessels at that point. It is about midway between Nanaimo harbor and Departure Bay in Exit Channel.

COMOX.—Mr. T. D. Jones returned to Nanaimo from Comox on Thursday to procure some tubing for the bore. They have bored about 50 feet with the drill, principally through soft shale and sandstone. Considerable trouble is experienced on account of the loose nature of the rock and ground. Small gravel is continually getting in the hole and retarding operations. The tubing is intended to obviate this evil.

ALBO-CARBON LIGHT reduces your gas bill nearly one-half and enriches the quality of bad gas. The generator can be affixed to existing gas fittings instantly. The Carbon is sold at the following reduced rate: 3 lbs, 50 cts; 7 lbs, $1. Langley & Co. sole agents for British Columbia. 2w 3p *

AMONG the passengers by the G. W. Elder were Senator Macdonald, Hon. H. M. Ball, Capt. Clarke and wife, and D. A. Wright, R. N.

NANAIMO CUSTOMS.—Nanaimo customs for August, $2,112.27.

Increase in Imports.

The official Canada *Gazette* shows that the value of goods entered for consumption during the month ending 30th April amounted to $8,225,693. As compared with the value of imports for consumption for the corresponding month of last year these figures show an increase of $1,372,752, or a little over twenty per cent. It is a matter of some interest to note the several articles on which this large increase of imports occured. In the importation of coal, over the corresponding month last year, there has been an increase of 13,837 tons, representing an increased value of $73,341, or nearly twenty-five per cent.; while the importation of flour and meal increased from $91,997 to $114,007 as compared with the corresponding month of last year; the duty on the same appears to have fallen from $11,840 to $10,766. There is something significant in the fact that in the importation of nearly every class of manufactured goods an increase is shown. In the importation of iron and steel and its manufactures there was an increase of $226,862, or something over thirty-eight per cent. In the importation of provisions there also appears an increase of over thirty per cent. Although the monthly statement of goods exported from Canada (inclusive of British Columbia) is published for the month of June, the statement of imports has only now been published for the month of April. Not as in the statement of imports, in the exports a falling off is shown as compared with the corresponding month of last year. The total value of exports for the month of June, 1881, amounted to $10,247,785, while the statement of exports for the corresponding month of the current year only shows a value of $9,351,873, a decline of $895,911. A decline in the export of manufactured goods is shown, while as already stated the importation of manufactured goods has increased.

Marine.

The barkentine Emma Augusta, loaded with Wellington coal for the Sandwich Islands, is ready for sea.

Steamship Barnard Castle passed down Sunday.

Barque Queen of the Bay was taking in ballast yesterday and will discharge balance of freight—about 100 tons—to-day.

Capt. Reddy, formerly first officer of the barque Albany, has been appointed master of that vessel *vice* Lambie, deceased.

The barques Antwerp and North America, both lumber laden, went out to sea yesterday afternoon in tow of the Alexander.

Ship Sumatra, Capt. Rock, arrived yesterday from Wilmington, to load coal at Seattle.

The ship Goodspeed is lying at anchor off Beacon Hill.

Mail steamship G. W. Elder, Capt. Hayward, discharged 635 tons freight at Welch, Rithet & Co.'s wharf yesterday morning and left at noon with about 800 tons freight for Sound ports.

Prayer for England's Soldiers and Sailors.

The Archbishop of Canterbury desires to commend to the clergymen of his diocese the use of the following prayer for soldiers and sailors engaged in the war in Egypt: "O, Almighty God! whose power no creature is able to resist, keep, we beseech Thee, our soldiers and sailors who have now gone forth to war, that they, being armed with Thy defence, may be preserved evermore from all perils, to glorify Thee, Who art the giver of all victory, through the merits of Thy only Son, Jesus Christ our Lord. Amen."

The Opera Company.

The Hattie Moore Opera Company repeated the opera of "Olivette" last evening before another crowded house. His honor the lieut-governor and Mrs. Cornwall occupied a private box. The singing and acting were of a very high order, and were frequently encored. This evening the engagement will close with the opera of the "Little Duke," a most amusing piece. Seats should be secured early at Hibben & Co.'s.

THE financial district meeting of the Methodist church will be held at Victoria on Thursday next.

English Mail.

(Per steamer G. W. Elder.)

Germany stands by England in this Egyptian business with admirable courage. Its representative at Constantinople has been instructed to tell the Porte once more that Bismarck approves of all that the British have done and are going to do, and that he is very much displeased at the way the porte is trying to hamper them in their operations. The Sublime Turk is, however, not accustomed to this sort of plain talk, and he does not yet know what to make of it. In the meantime the English preparations are nearing completion, and the work of conquering Egypt has begun in earnest. When it is completed Germany will be there to see that she gets her pay for keeping the other powers and the Turk quiet.

NEW ARRIVAL OF PIANOS.—Messrs. Bagnall & Co. have the most splendid display of Pianos and Organs ever exhibited in the city; some choice Violins, Guitars, brass and nickel-plated Cornets, and everything pertaining to the music trade. Pianos and Organs for hire. Turing and repairing by J. Bagnall. Government street, Victoria. *

BEFORE TAKING.

TRADE MARK
AFTER TAKING.

The great English Remedy will promptly and radically cure any and every case of Nervous Debility and Weakness, result of Indiscretion, excess or overwork of the brain and nervous system; it is perfectly harmless, acts like magic, and has been extensively used for over thirty years with great success ☞ Full particulars in our pamphlet, which we desire to send free by mail to everyone. ☞ The Specific Medicine is sold by all druggists at $1 per package, or six packages for $5, or will be sent free by mail on receipt of the money, by addressing THE GRAY MEDICINE CO., Toronto, Ont. ☞ Sold by all Druggists in Canada and the United States. de28

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET SAN FRANCISCO.

DR. SPINNEY, well known as the founder the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN

Remember that procrastination is the thief

COME AND BE HEALED

It matters not what you troubles may be come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

P. S.—For diseases of short standing a full course of medicines, sufficient for a cure, with all instructions, will be sent to any address on receipt of $10.00

Call or Address

DR. SPINNEY & CO.,
my24dw No. 11 Kearney St., San Francisco.

DR. J. COLLIS BROWNE'S

CHLORODYNE

THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5th, 1880. To J. T. Davenport, Esq., 33, Great Russell street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.—See "The Times," July 13, 1864.

Sold in bottles at 1s. 1½d., 2s. 9, 4s 6d and 11s. each. None is genuine without the words "Dr. J Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution—Beware of Piracy and Imitations.

Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.

THE GREAT INTERNATIONAL

FISHERIES EXHIBITION,

LONDON, 1883.

THE UNDERSIGNED HAS RECEIVED INstructions from the Minister of Marine and Fisheries to promote, by all means in his power, the objects connected with the exhibition to be opened in London, May 1st, 1883. The nature of the exhibits desired is explained in the circular notices, which will shortly be issued. A Committee of the Board of Trade has kindly undertaken to assist in securing the successful accomplishment of the important object in view; and the co-operation of the public to ensure a display which will be creditable to the Province will, it is trusted, be cordially afforded.

STORAGE IN VICTORIA will be provided for articles consigned to the care of the undersigned, and the requisite forms of entry supplied.

The early attention of intending exhibitors is requested. Communications on this subject addressed to the undersigned to be endorsed FISHERIES EXHIBITION.

Victoria, B.C., July 17th, 1882. jy23

REMOVAL OF SNAGS,

FRASER RIVER.

SEALED TENDERS, SUPERSCRIBED AS ABOVE and addressed to the undersigned, are invited to be delivered at this office by or before 4 p. m. of FRIDAY, the 15th September next, for the removal of Snags from the Channel of Fraser River, between Cheam and New Westminster. About 30 or 40 Snags will probably have to be removed.

The Snags to be removed will be pointed out to the Contractor by the Dominion Government Agent, or other agent of the Public Works Department, when the work is undertaken; and those Snags will have to be removed first which in the opinion of the said Agent most impede and endanger navigation.

The Snags in every case, including the portions thereof imbedded in the mud, are to be wholly removed, and either destroyed or transported to and made fast in such a position clear of the channel, as shall be considered satisfactory by the said Agent.

The whole work must be completed by the 15th December next.

The Tenderer is to state the rate per Snag for the removal of the whole number of Snags that may be required by the said Agent to be removed as above specified.

Payment will be made in three equal instalments proportionate to the progress of the work in the judgment of the said Agent.

Each Tender must be accompanied by an accepted Bank Cheque or Certificate of Deposit of the sum of $200, made payable to the order of the Dominion Government Agent, which will be forfeited if the Tenderer declines to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the Tender be not accepted the Cheque or Certificate will be returned.

The lowest or any tender will not necessarily be accepted.

H. S. ROEBUCK, Secretary.

Dominion Gov't Agent's Office,
Victoria, B.C., 15th August, 1882. au17

MUNICIPAL.

EXCERPT FROM THE THISTLE BYLAW, 1880:

"It shall be the duty of every owner, occupier or "agent of land to cut or cause to be cut down all the "Thistles growing thereon so often in each and every "year as is sufficient to prevent them going to seed; "and if any owner, occupier or agent of land suffers "any Thistles to grow thereon and the seed to ripen, "so as to create and endanger the spread thereof, he "shall, upon conviction, be liable to a fine of not less "than ten dollars nor more than twenty dollars for "every such offence."

In pursuance of a resolution of the Municipal Council, the public are hereby notified that the provisions of the said Thistle Bylaw will be strictly enforced.

By order of the Mayor and Council.

DISEASES OF THE CHEST CURED.

GRIMAULT & CO.'S SYRUP OF HYPOPHOSPHITE OF LIME.

We invite all who are ailing from DISEASES OF THE CHEST to resort to Grimault & Co.'s SYRUP OF HYPOPHOSPHITE OF LIME as the ONLY ONE YIELDING UNFAILING RESULTS in the treatment of PHTHISIS, PULMONALIS ASTHMAS, BRONCHITIS and various kinds of COUGHS. GRIMAULT'S SYRUP of Hypophosphite of Lime is of a ROSE COLOUR, is delivered in FLAT OVAL BOTTLES and NEVER in QUADRANGULAR BOTTLES. Call expressly for said bottle, bearing the SIGNATURE GRIMAULT & Co

DR. LEAS'

SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless; has the advantage over all ferruginous preparations of containing Iron and Phosphorus, which are the elements of blood. It cures *chlorosis, pains in the stomach, difficult digestion, dismenorrhoea, anæmia, general debility and poorness of the blood,* and agrees especially with the most delicate stomachs

WOMEN'S AND CHILDREN'S DISEASES.

No more Cod-Liver Oil.

Grimault's Syrup of Iodized Horse-Raddish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for COD LIVER OIL and has been found most beneficial in DISEASES OF THE CHEST, SCROFULA LYMPHATIC DISORDERS, GREEN SICKNESS, MUSCULAR ATONY and LOSS OF APPETITE. It regenerates the constitution in purifying the blood, it being the most powerful depurative known. It has also been applied with happy results in DISEASES OF THE SKIN Further, it will be found to be of great benefit to young children subject to HUMORS and OBSTRUCTION OF THE GLANDS.

GRIMAULT & CO.'S MATICO, CAPSULES AND LIQUID.

Where all other medicines have failed these preparations will always effect a cure. They insure rapid and extraordinary cure of severe, recent and chronic cases of private disease. They are used in the Hospitals of Paris by the most celebrated physicians and are found greatly superior to all hitherto known mineral remedies, Copabia and Cubebs. The injection is used in recent, and the capsules in the more chronic cases.

DUSART'S SYRUP OF LACTO-PHOSPHATE LIME.

TONIC, RECONSTITUENT and DIGESTIVE, of prime order, particularly suitable to FEEBLE SUBJECTS, CONVALESCENTS, OLD PEOPLE and RICKETY CHILDREN, who find in them CALCAREOUS ELEMENTS enter into the CONSTITUTION OF THE BONES. Well adapted to LADIES IN THE FAMILY WAY, and WET NURSES (whose milk it enriches).

ASTHMA! ASTHMA!!
GRIMAULT & CO.'S INDIAN CIGARETTES

ASTHMA, NERVOUS COUGHS, CHRONIC LARYNGITIS HOARSENESS, LOSS OF VOICE, FACIAL NEURALGIA, and INSOMNIA are rapidly relieved by using these Cigarettes.

SICK HEADACHE! NEURALGIA!
GRIMAULT & CO.'S GUARANA

single powder of this vegetable production is sufficient to cure instantly the MOST VIOLENT SICK HEADACHE It is the most valuable remedy against DIARRHŒA, DYSENTERY, and all disorders proceeding from derangement of the Stomach or Bowels.
